Evolve Dance Company COVID-19 Protocol

There are very specific procedures that must be followed by staff and dancers per state and local officials according to Phase 4 guidelines. We are following the rules in order to be able to continue providing dance lessons. Please help by abiding by the guidelines listed below. If it becomes unsafe to continue in-studio classes, classes may be revised to continue on Zoom. Thank you!

General Health and Safety Guidelines

1. If returning from vacation or somewhere on the CDC warning list, do not come to the studio for 14 days or until it is confirmed that you are not infected.
2. Parents, please discuss COVID-19 symptoms with their dancers, and do not send them to class if they do not feel well. A questionnaire must be signed/completed each time staff and dancers come to the studio.
3. Dancers and staff entering the studio will have their temperature taken and recorded each time they come to the studio. If it is higher than 100.4, they will not be allowed to enter the studio.
4. Parents, guardians, siblings are not allowed in the studio. The dancer will be dropped off at the door and accompanied to the appropriate class by a staff member. The dancer will be guided back to the door for pick up after class.
5. Dancers should not enter the building until 5 minutes before class time. They should come dressed for class and bring appropriate shoes and a water bottle. Parents of dancers under 8 and parents of new dancers may want to wait in the parking lot for the first week or two in case their dancer has separation or behavior issues.
6. Hand sanitizer is to be used upon entering the studio and when leaving each studio. Hand sanitizer will be available in all studios and other locations throughout the building.
7. Staff are cleaning and disinfecting the studio and restrooms regularly. Any equipment used for a class is also disinfected after each use. Teachers will disinfect studios at the conclusion of each class. Therefore, we are letting classes out a few minutes early.
8. Studios are marked with tape to provide for social distancing for dancers when in each studio.
9. Class sizes are limited to allow for appropriate social distancing. Teachers will only be using verbal instruction. No physical contact will be made.
10. Staff and dancers must wear a mask at all times except while dancing. Evolve does not supply masks.

Additional Dancer Health and Safety Guidelines

1. Dancers must wear a mask at all times except while dancing.
2. Dancers must practice social distancing at all times while anywhere in the studio.
3. Dancers should only bring necessary items (shoes, hair ties, etc.) for their classes in a small bag. Please come dressed ready for class with hair pulled back upon arrival.
4. Dancers should bring a water bottle. Bottled water is available for \$.50.
5. Dancers must take all items home that they bring to the studio.
6. Dancers are encouraged to clean dancewear and masks each day.
